

Medical Director, Neurology

Coastal Maine

Optimum has partnered with a 65+ bed hospital in southern Maine that is seeking an experienced Medical Director to lead a team of neurologists.

About the Position:

- Competitive compensation
- Quality and productivity incentives available
- 60% clinical / 40% administrative
- Full benefits package
- CME allowance
- Relocation assistance
- Monday-Friday schedule
- Adult outpatient

Requirements:

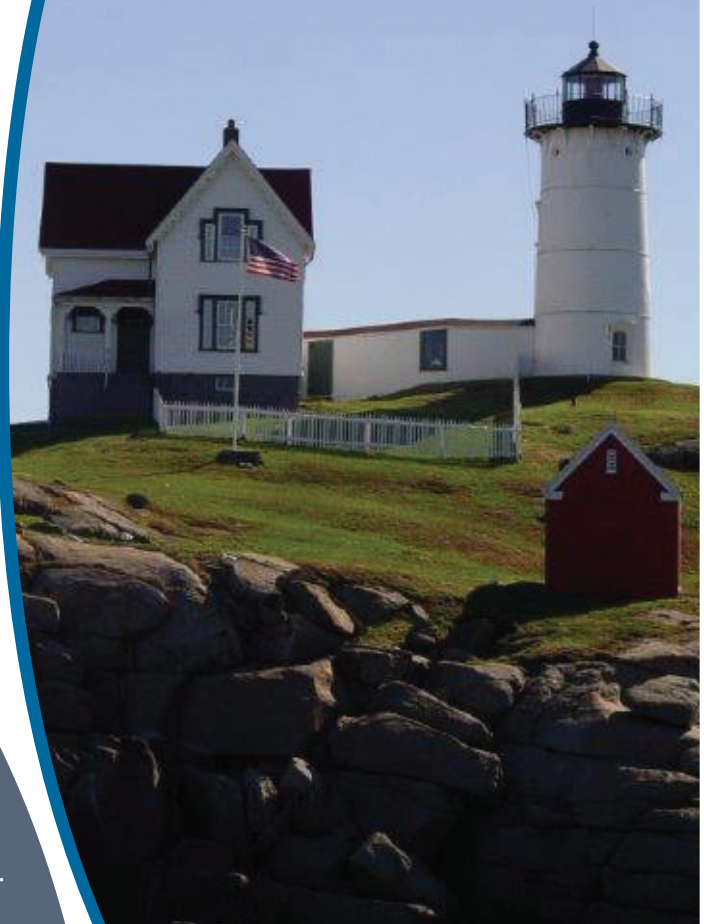

- Fellowship trained/ABPN certified
- 5+ years leadership experience in a Neurology program

About the Facility:

Since opening its doors in 1906 to meet the needs of the growing community, this state-facility has grown exponentially, from a 10-bed hospital to now more than 65 beds. The hospital is affiliated with Mass General Hospital in Boston, MA, and its neurology team works closely with MGH's Neurology Division to ensure patients receive the highest level of neurological care. Receiving six consecutive "A" grades in Hospital Safety from Leapfrog, a 4-star CMS rating, and a Healthgrades patient experience rating that is higher than the national average, this facility is committed to caring for the people of southern Maine with compassion and empathy in providing safe, quality patient care.

About the Location:

Experience life as it should be, by working and living along southern Maine's pristine coastline. It is not hard to believe that this town ranked #1 in Best Places to Live by Niche.com, with its beautiful coastal living, great schools, and proximity to Portland, Maine and Boston, Massachusetts. Spend your free time taking a stroll on the nearby beaches of York, Wells, and Ogunquit or visit the Nubble Lighthouse. Shop at the outlet malls, dine in some of the best restaurants in the country or take in a summer show at Prescott Park. It's a lifestyle most people dream of.
